To Whom It May Concern,

This letter is to inform you that Sportsbook Grill & Bar and Club Overboard have been doing business with Gulf Hospitality Inc. for over a year now. We purchased a POS system with twelve terminals for our nightclub and restaurant and just recently purchased the integrated surveillance system as well. We are extremely pleased with the products as well as the level of service that GHS and their associates have given us. Having used many other POS products in the past, I can confidently tell you that Focus is one of the best. It is extremely customizable, easy to use and has all the features that we need to run our business and more. Having this POS system helps keep things very organized and has become a vital and important tool in keeping our company profitable.

Gulf Hospitality Systems and their staff of technicians and are always there to assist us in any question or problem we may have. Their level of service and advice concerning their products is top notch. Joe Salemi was the sales associate who first presented the Focus product to us, and he has been with us since we first opened in showing us how to use this technology to the fullest.

Our POS system has been one of the best investments we have made in our business. It has proved itself time and time again. I would highly recommend Gulf Hospitality and their products to any hospitality business.

Thank you,

Stephen Bladen
General Manager Sportsbook Grill & Bar and Club Overboard
